Second Strategy: Making It Fair: Now, Then, Later
http://www.visiblethinkingpz.org

1. What could be done to acknowledge the pre-colonial past of the mountain and a legacy of shame felt by members of the community?

2. Ask students to **brainstorm** ideas for things they might do to “make it fair.”

3. **Sort** the list into actions that relate to making the situation fair in the past, now, or for the future.

4. Students select one idea they think has the most merit and **expand** on it, either verbally or in writing.
